

Orangutan Selfie Stick Craft

Step 1: Print out the “photo props” pictured in the following pages.

Step 2: Cut them out

Step 3: Glue/tape popsicle sticks to the props so that you can hold them up in a picture. Don't have popsicle sticks, try using tape with a pen, pencil or a ruler.

Step 4: Have fun taking pictures with your new props! When posting online, be sure to tag the post with the hashtag: #iheartorangutans
