Tree Decoration Guidelines

Please keep in mind the health and safety of the animals when constructing your ornaments.

Decorating Information Ornament Durability

The ornaments need to withstand the elements of winter. Ornaments should be painted, varnished, shellacked, or laminated. Water-soluble glue (Elmer's) is NOT recommended. Please hang ornaments with string or yarn (no wire or pipe cleaners). Tie the ornaments on tight enough so they will not blow off, but not so tight that they are impossible for volunteers to remove. Be creative!

Ornament Size and Amount

Recommended size: 3" x 3"

Recommended amount: 150 to 200

Lights

Trees will be prelit with LED lights. DO NOT add lights of your own.

If your group would like to keep its ornaments, you can remove them January 1 to 18, 2020, during regular zoo hours (10:00 a.m. to 4:30 p.m.). Ornaments left on the trees will be discarded.
